

SINGAPORE DEFENCE TECHNOLOGY SUMMIT

27-29 June 2018

28 June 2018

News Release

SINGAPORE DEFENCE TECHNOLOGY SUMMIT SPEAKERS CALL ON PRIME MINISTER

LEE HSIEN LOONG

1. Eight global leaders in technology met with Singapore Prime Minister Lee Hsien Loong at the Istana on 28 June 2018. There was a good exchange of views on emerging trends and opportunities arising from rapid technological changes.

2. The group of technology experts was in Singapore to speak at the inaugural Singapore Defence Technology Summit, organised by the Defence Science and Technology Agency (DSTA). They were:

- GEN (Ret) Keith Alexander (Founder & CEO, IronNet Cybersecurity, USA)
- Dr Brian M. Pierce (Director, Innovation Information Office, DARPA, USA)
- Prof Hugh Durrant-Whyte (Chief Scientific Advisor, Ministry of Defence, UK)
- Dr Hong Won-Pyo (President & CEO, Samsung SDS, South Korea)
- Dr Daniel Gold (Head, Directorate of Defence R&D, Israel)
- Dr Kira Radinsky (Chief Scientist & Director of Data Science, eBay, Israel)
- Dr Nicolas Chapados (Chief Scientist, Element AI, Canada)
- Dr Thomas Philbeck (Head of Science & Technology Studies, World Economic Forum, Switzerland)

3. Minister for Defence Dr Ng Eng Hen, Permanent Secretary (Defence Development) and Chairman of DSTA Mr Neo Kian Hong, Permanent Secretary (Smart Nation and Digital Government) Mr Ng Chee Khern and Chief Executive of DSTA Mr Tan Peng Yam were also in attendance at the call on PM Lee.

4. The Tech Summit, themed “Impact of the Fourth Industrial Revolution on Defence and Security”, was well attended by some 400 delegates, including leading thought leaders, policymakers, industry CEOs and CTOs, entrepreneurs and academia from 17 countries.

About Defence Science and Technology Agency

The Defence Science and Technology Agency, or DSTA in short, (国防科技局), is a statutory board set up under the Ministry of Defence (MINDEF). It implements defence technology plans, acquires defence material and develops defence infrastructure for MINDEF.

DSTA provides leading-edge technological solutions to the Singapore Armed Forces (SAF) by tapping the best technologies and fostering an environment of creativity and innovation for defence applications. It also builds up a strong community of engineers and scientists from the universities, research institutes, government and industry to serve the defence needs of the nation. For more information, please visit www.dsta.gov.sg.
